CABERNET SAUVIGNON

A deep and dense colour to the rim of the glass underscores this wine's youth. Made to be dark and juicy with no harsh tannins. No wood influence, just ripe blackberry and roasted red pepper flavours coming from ripe grapes.

Enjoy this wine on its own or with baked brie cheese, roast lamb, or tender pork chops.

MERLOT

Deep bright colour and ripe fruit on the nose. Hints of jasmine and dark perfume. The wine has well-structured tannins from a post-ferment maceration. There is no wood influence, only ripe merlot grapes.

Enjoy with oriental stir fry, succulent beef steaks or fresh salmon on the grill.

SHIRAZ

Ripe picking combined with pre-and post ferment macerations have given depth of colour and taste without harsh tannins. This wine has a savoury character, herb hints run throughout with cherry and prune flavours. A slightly drier taste makes this a great food wine.

Enjoy with roast chicken and rosemary, tuna steaks or pepperoni pizza with extra parmesan.
