## SENSORY SHIRAZ 2003

---

Pure cassis and strawberry jam- like flavours in the nose. The fruitiness is rounded off by sweet vanilla and subtle ethereal wooden and earthy notes. In the mouth a young but serious Shiraz appears with ripe acidity and profiled tannins.

Although the wine is dry, a subtle sweetness introduced by the alcohol balances the acidity and tannins, so that the Shiraz starts slowly but is a never- ending story.

## SENSORY PINOTAGE 2003

---

Vanilla ice cream with a warm berry and caramel sauce. In the mouth, an oaky and fruity sweetness, after which the tannins come slightly into play. Smooth, elegant and very pleasant. An aftertaste of fruitiness and caramel flavours turn slowly into a creamed cappuccino impression.

SENSORY MERLOT 2003

---

Smooth and dense but very complex. Very much like a potpourri of berries, almost jammy, but with a hint of dark chocolate. Subtle flavours of fresh hay, green grass and bark aerate the dense smell and make it more accessible.

A full-bodied athlete with the elegance of a wild rose.
